A Guide to Choosing Prescription Drug
Plans with Your Clients

Those initially turning 65 have ONE chance to sign up for a Part D Prescription Drug Plan (PDP). Even if you are **not** AHIP certified, you may still help your clients enroll.

Ensuring they enroll in the best plan is important, because they could be stuck with that plan until the next Annual Enrollment Period.

It is not advisable to just direct a client to Medicare.gov to let them figure out their plan on their own.

Head over to **Medicare.gov** to begin the process.
