

Your Step Action Guide for Ordering WellCare Sales Materials Plan Year 2020

Last Updated September 2019

Accessing the CustomPoint Materials Portal is easy! From your WellCare single sign-on portal homepage, select the CustomPoint icon to be automatically routed to the materials portal within a new browser window.

*CustomPoint is available 24 hours after all 2020 certification requirements are complete.

Helpful Tip! For assistance setting up and/or accessing your single sign-on portal, please reference the Agent Single Sign-On Portal Account Setup Guide located on the WellCare Agent Resource Center.

NOTE: After logging into Custom Point from your single sign-on dashboard, you will be directed to the Materials Portal homepage. The homepage serves as a point of communication of news, FAQs and messages about the site, as well as a dashboard of recent activity, including the last 7 orders placed.

NOTE: When using the system, use only the navigation options provided within the screens. Using your browser back and forward, and even potentially, reload buttons can cause confusion with the ordering session that is being tracked by the system, so this should be avoided.

STEP 1: Under Guided Search, select the dropdown menu and choose the product you would like to order materials for, CCP or PDP.

STEP 2: Select the Market you would like to order materials for underneath Plan Year (only Markets you are certified in will populate). Once the market is selected, press the find button.

• For this example, we will use the FLE market

STEP 3: Use filters on the left side of the screen to help define your search. Select each material you would like to order by clicking on the icon next to that item in the order column. When the item is in your cart, the icon will change to .
